

Challenging Behaviors Preschool Through Second Grade: Detection and Prevention

October 24, 2018

Presenter: Dr. Debra Salzman, Clinical Psychologist, Behavior
Therapy Associates

Registration	MUJC Members:	\$100.00
Fees:	Nonmembers with subscription:	\$100.00
	Nonmembers:	\$125.00

With the signing of bills S-2081/A-3790, schools are required to find alternatives to suspension and expulsion for preschool through second grade. This inservice will discuss the principles of behavior change, identify problem behaviors and explain the functions of challenging behaviors. Classroom management strategies that can be implemented to deter problem behaviors will be discussed. Antecedent and consequence programs will be addressed to minimize challenging behaviors in order to maintain students in the school setting.

Participants will gain knowledge and skills in:

1. understanding the principles of behavior change, problem identification and understanding the functions of behavior;
2. learning to implement antecedent strategies to prevent disruptive behaviors;
3. learning to implement consequence strategies to improve classroom behavior;
4. implementing classroom-wide behavior interventions to aid in preventing and managing challenging classroom behaviors.

All inservices are held from 9 a.m. to 3 p.m. unless otherwise noted.
Enjoy lunch on your own!
