	Nonmembers:	\$70.00

With school districts planning for on-site or virtual learning for September, get great ideas and resources to help plan for a smooth transition into remote learning with students. Knowing how to engage students within a virtual learning environment while holding them accountable for learning can be a challenge. With a focus on literacy, this online inservice will provide interactive strategies and engaging activities designed to motivate students in exploring, thinking deeply, making choices, and demonstrating learning.

Participants will gain knowledge and skills in:

1. teaching a targeted literacy skills based lesson,
2. creating a virtual bookroom,
3. exploring ways to motivate students both virtually and in the classroom.

This inservice is online from 1:00 p.m. to 3:30 p.m.
