January 13, 2022

Dear Parents/Guardians,

I wanted to reach out to let you know that due to the continued high number of positive COVID 19 cases in New Jersey, CBI and trips to the DLC – Warren ShopRite will be canceled through the month of January. We have added additional weekly virtual opportunities for the students including movement and mindfulness activities.

As a reminder, home COVID tests that are not processed in a lab cannot be accepted at the MUJC as a valid test. If your child has symptoms and you choose to get them tested, please reach out to your pediatrician to get a recommendation on how to access a rapid or PCR COVID 19 test. There is also the option to use The State of New Jersey free COVID-19 testing kits, which are available by registering through Vault Medical Services. These test kits are acceptable home test kits for the MUJC since they are taken under the direct observation of Vault Health personnel and are sent to its laboratory. Results are then read at the laboratory and returned to you for submission to the school.

If your child is vaccinated or boosted, please take a picture of the vaccination card, if you haven't already, and email it to the school nurse at ccollins@muic.org so we have this for our records. With the new Department of Health regulations, being vaccinated and/or boosted determines, whether or not an individual needs to quarantine after testing positive for COVID 19 or after being exposed.

Thank you all for your patience during this challenging time. If you have any questions, please feel free to reach out to me at amarmolejos@muic.org or 908-508-1345.

Sincerely,

A handwritten signature in cursive script that reads "Andrea Marmolejos".

Andrea Marmolejos
