

# SIM CONNECT

## What is SIM Connect?

SIM Connect is a **virtual** program that allows children with disabilities to connect and interact with experienced, teenage volunteers.

## What can my child do with the volunteer while Zooming?

The volunteers are flexible! Some common activities include chatting, dancing, singing, storytelling, and playing games. A parent must be present with the child while on Zoom.

## How can I sign my child up for this program?

Please fill out the survey, and then a volunteer will reach out to your family to schedule a Zoom call that works for your family.

Click below for the **Registration Form for families:**
