ONLINE via Zoom - PARENT AWARENESS WORKSHOP**

Promoting Student Organizational Skills Through Technology

Work smarter, not harder! A challenge that many students and parents face today is a student's ability to organize themselves both at home and at school. Commonly known as "executive functioning skills," these are life skills that all students will need to be successful. This online workshop will provide participants with the opportunity to learn how to creatively use technology and to encourage the use of calendars, event reminders, visual schedules, etc. to promote positive organizational skills in every environment.
